The image shows a screenshot of a web browser displaying the IBM Cloud dashboard. The browser's address bar shows 'cloud.ibm.com'. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for 'Catalog', 'Manage', and 'BALAJI V M's Account'. The main content area is titled 'Dashboard' and includes a 'Create resource' button. Below the dashboard, a terminal window titled 'Anaconda Prompt (anaconda3) - pip install keras' is open, showing the output of several pip install commands. The terminal output indicates that several requirements are already satisfied, including 'charset-normalizer', 'urllib3', 'oauthlib', 'imutils', 'opencv-python', and 'numpy'. The final command shown is 'pip install keras', which also indicates that the requirement is already satisfied.
